If we talk about the Board Games, we remember our childhood as soon as we heard the name board games such as Ludo, Chess, Snake&Ladder, Business, Monopoly, and much more. Even in this pandemic, during the lockdown period, board games are being played a lot since they are simple, realistic, strategic, and enjoyable games, and the whole family can enjoy them. But what if you wanna play Ludo or Chess with your family member who is damn far from you? What if you don't have board games available at the time when you need them or if you're out of counters or dice? So for helping you to come out of this problem, most of the android smartphone games developed with the same board game interface to provide you with a damn realistic and great experience right on your mobile phone. There is a vast variety of android games launched for providing you with board games on a smartphone such as Ludo King, Carrom Pool, Ludo Club, Chess, Real Chess, and much more. In all these games, Ludo King is one of the most downloaded and beloved android board games. It's one of the games which got damn famous in between this pandemic since in lockdown, every family is going through this only game to reduce their tiredness and boredom. Basically, the Ludo King game interface is as same as the real LUDO board game, and also it provides a damn realistic experience to its users. In this android multiplayer game, you will receive a vast collection of different modes to play so that you will shift entertained damn easily even if you're all alone. Primarily, Ludo King contains four central game modes which are Online Multiplayer, Play with Friends, Computer, Local Multiplayer. Apart from all these modes, you'll also receive an inbuilt Snake and Ladders game in the Ludo King game which you can easily access just by tapping on it. In snake and ladder, you'll get the same modes as the Ludo King. Additionally, you can also change the whole board interface in the game since you will receive an impeccable collection of themes inside this small game. You can also play online with random teams as well as your friends in the Ludo King game and can avail of a lot of its features such as voice chat, stickers, and much more. But the main objective of this game is to win at #1 in front of all the three rivals. There are also a lot of resources such as themes, diamonds, modes, and much more that you can easily purchase with coins. Additionally, you can also play big games by putting more coins for the game, and you can play with up to 10,000,000 coins and can win up to 19,000,000 coins per match which means that coins are the most significant assets to play the game and are damn hard to earn.
